## Qualifications

**KU Leuven:** MSc in Physics (2015–2017)

**University of Ghent:** BSc in Physics (2011–2015)

Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

Over the past 5 years, I've tutored students from various curriculums, including IB, IGCSE, and A-Levels, helping them build a solid foundation in physics. My background in advanced topics such as mechanics, electromagnetism, and quantum physics has allowed me to guide students through complex concepts with ease.

In addition to working with high school students, I've also provided support for undergraduate physics students, helping them navigate university-level physics courses. My personalised approach has helped students succeed in their studies and gain confidence in tackling difficult topics.
