## Tutoring Experience

I have been tutoring history for over eight years, working with students from various curricula such as IB, IGCSE, and A-Level. My students have consistently achieved top grades, with many pursuing further studies at top institutions worldwide. My experience spans working in both classroom settings and private tuition, allowing me to adapt my teaching style to meet individual needs.

In addition to history, I have supported students in developing critical essay-writing and analytical skills, which are essential for excelling in their studies. My background in East Asian studies has also enabled me to bring unique perspectives to historical subjects, further enriching the learning experience for my students.
