## Tutoring Experience

For over 11 years, I've guided students through the challenges of IB and A-Level English, fostering their ability to analyse texts and communicate ideas effectively. My focus is on helping students develop a comprehensive understanding of both literature and language, ensuring they perform well in their exams.

I have also worked extensively with IGCSE students, honing their skills in English Language and Literature. My approach is tailored to each student's needs, helping them tackle difficult concepts and improving their writing and analytical abilities. Many of my students have gone on to succeed in top universities.

In addition to IB and A-Level, I also support students in developing their academic writing, preparing for essay-based assessments, and excelling in English proficiency tests like IELTS and TOEFL. My diverse experience ensures that students reach their full potential in English, whether for school exams or higher education.
